PDF Compass for Android

Effective: November 17, 2026 Jurisdiction: Ontario, Canada Phrax Inc.

> ⚠ BEFORE YOU START
>
> PDF Compass creates new files and leaves your originals unchanged. Shrinking reduces image quality, so keep your original files and check each result before you send or submit it.

1. Introduction and Acceptance

These Terms of Service ("Terms") are a legally binding agreement between you ("you" or "your") and Phrax Inc. ("Phrax Inc.," "we," "us," or "our"), the developer of the PDF Compass mobile application ("the App").

By downloading, installing, or using the App, you confirm that you have read, understood, and agree to these Terms. If you do not agree, do not use the App.

The way the App handles your files is described in the PDF Compass Privacy Policy, which forms part of these Terms.

2. Description of the App

PDF Compass is a utility for Android that changes PDF files on your device so they fit size limits for uploads and email.

2.1 — What the App Does

- **Shrink:** recompresses the images inside a PDF to bring the file under a size you choose

- **Split:** divides a PDF into parts by size, every N pages, or page ranges, or copies chosen pages into a new PDF
- **Merge:** combines several PDFs into one file in the order you choose
- Opens PDFs you pick, share to it, or open with it, and saves results to a folder you choose or shares them through your device's share menu
- Does all of this on your device, without an internet connection

2.2 — What the App Does Not Do

- The App does not upload, store, or back up your files anywhere outside your device
- The App does not remove or bypass passwords, encryption, or other protection placed on a PDF by its creator
- The App does not edit the text of a PDF, convert files to other formats, or recognize text (OCR)
- The App does not guarantee that every file can reach every size (see section 4)

3. Your Files and Content

You keep all rights to the files you open in the App. Phrax Inc. claims no ownership of, and never receives, your files or their contents.

You are responsible for making sure you have the right to copy, change, split, or combine any file you use with the App, and for how you use, store, and share the files the App produces.

4. Results and Keeping Your Originals

> ⚠ KEEP YOUR ORIGINALS
>
> Shrinking lowers the quality of the images inside a PDF to make the file smaller. Always keep the original file until you have checked that the result is right for your purpose.

The App saves its results as new files and does not change or delete the original you opened. Even so, results depend on the file:

- Some files cannot reach a requested size, for example when most of their size is text, fonts, or other content the App does not recompress. The App tells you when this happens.
- Images in a shrunken file may look softer than in the original.

- Some features of a PDF, such as form fields, digital signatures, or attachments, may not carry over to files the App produces. A digitally signed document will no longer show a valid signature after it is changed.

Check every result before you submit, send, or rely on it, especially for legal, financial, medical, or official documents.

5. Purchases and Refunds

PDF Compass is sold as a one-time purchase through the Google Play Store. There is no subscription and no account.

Payments, refunds, and family sharing are handled by Google under the Google Play Terms of Service and Google Play refund policies. Phrax Inc. does not receive or store your payment information. If you need help with a purchase, contact us using the details in section 16 and we will help where we can.

6. Data Storage and Privacy

The App requests no Android permissions and has no internet access. Your files are processed on your device and are never sent to Phrax Inc. or anyone else. The App does not use accounts, analytics, advertising, or crash reporting.

Because nothing is stored outside your device, Phrax Inc. cannot recover files that are deleted, lost, or left behind on a lost or reset device. Full details are in the Privacy Policy.

7. Permitted Use

You may use the App for personal or work purposes in line with these Terms. You agree not to:

- Use the App for any unlawful purpose, or to copy or distribute files you have no right to
- Attempt to reverse engineer, decompile, or disassemble the App, except where the law allows it
- Use the App in any way that could damage, disable, or impair it
- Redistribute, resell, rent, or sublicense the App or any part of it

8. Intellectual Property

The App, including its design, code, user interface, name, icon, and branding, is the property of Phrax Inc. and is protected by copyright, trademark, and other intellectual property laws.

When you buy the App, you receive a limited, non-exclusive, non-transferable, revocable licence to install and use it on devices linked to your Google Play account, in line with these Terms and Google Play's terms. No other rights are granted.

The App includes open-source software, such as pdf-lib and React Native, which is used under its own licence terms. Those terms apply to that software and are not changed by these Terms.

"PDF Compass," "Phrax Inc.," and the Phrax Inc. and PDF Compass logos may not be used without prior written permission.

9. Disclaimers of Warranty

The App is provided "as is" and "as available." To the maximum extent permitted by law, Phrax Inc. disclaims all warranties, express or implied, including:

- Warranties of merchantability or fitness for a particular purpose
- Warranties that the App will be error-free or uninterrupted
- Warranties that any file will reach a particular size, keep a particular quality, or be accepted by any website, service, or organization
- Warranties that the App will meet your requirements

10. Limitation of Liability

To the maximum extent permitted by the laws of Ontario and Canada, Phrax Inc. is not liable for any indirect, incidental, special, consequential, or punitive damages arising from your use of, or inability to use, the App, including:

- Loss or corruption of files or data
- A file being rejected, delayed, or submitted late
- Reduced image quality or missing PDF features in a file the App produced
- Decisions made based on files the App produced

Phrax Inc.'s total liability for all claims relating to the App or these Terms will not exceed the amount you paid for the App.

> **Your consumer rights:** Nothing in these Terms limits any rights you have under consumer protection laws that cannot be waived or limited by agreement, including the Ontario *Consumer Protection Act*.

11. Indemnification

You agree to indemnify and hold harmless Phrax Inc. and its officers, directors, employees, and agents from any claims, liabilities, damages, losses, and expenses (including reasonable legal fees) arising from your misuse of the App, your violation of these Terms, or your violation of any law or the rights of a third party.

12. Changes to These Terms

Phrax Inc. may update these Terms. When we make material changes, we will update the effective date at the top of this page and, where reasonably practicable, give notice through the App or its Google Play listing.

Continuing to use the App after changes take effect means you accept the revised Terms. If you do not agree, stop using the App.

13. Termination

You may stop using the App at any time by uninstalling it. Phrax Inc. may discontinue the App or any feature, and may end your licence if you breach these Terms.

Files you have saved with the App stay on your device or wherever you saved them, under your control.

14. Governing Law and Dispute Resolution

These Terms are governed by the laws of the Province of Ontario and the federal laws of Canada that apply there, without regard to conflict of law principles.

Any dispute relating to these Terms or the App will be resolved by the courts of Ontario, Canada, and you consent to their jurisdiction, except where the law of your place of residence gives you the right to bring a claim elsewhere.

15. Severability

If any part of these Terms is found to be invalid or unenforceable, it will be changed to the minimum extent needed to make it enforceable, or removed if that is not possible, and the rest of these Terms will remain in full force and effect.
